LIROS

LIROS – SUPER YACHT DB

LIROS Super Yacht Rope DB a revolutionary new mooring line developed exclusively for Super Yachts and Motor Yachts from 70 to 280 feet.

FEATURES

- Maximum abrasion resistance thanks to NCS-Coating System
- Special colours available on request
- Very high strength combined with strong UV-resistance
- Excellent handling characteristics with non-kink construction
- More than 20% stretch at 30% of breaking load
- Soft and flexible during life time
- Perfect long term performance combined with great looks
- The solid construction works very effectively with leather protection

CONSTRUCTION
